

## *Campaign Management Release Notes: Delete Pending Direct Match Request*

Campaign Management now offers the ability for donors to delete a pending Direct Match Request from his / her Giving History. When a donor deletes a pending Direct Match Request, the donor / program ceiling is automatically repopulated right on the donor site. No backend configuration is required to enable this feature.

The screenshot shows a web interface with a dark navigation bar at the top containing links for home, donate, volunteer, **history**, contact, and dashboard. The 'history' link is circled in red, and a red arrow points from a callout box to it. The callout box contains the text: "Log in to the donor site and click the Giving History link." Below the navigation bar, the page content includes a letter on a yellow notepad background addressed to "dear ada," followed by a paragraph of text from Ron Johnson, President & CEO of Middleburg Industries. On the right side of the page, there is a photograph of a green apple and two white chalk pieces on a wooden surface. At the bottom right, there are two buttons: "donate" with a green icon and "request match" with a green icon.

Below you will find information related to past gifts that you have made.
